

EMMEVI

COLORADO

DENVER IVORY

CACTUS CARAMEL

ASPEN SAND

RAPIDS NOCE

Offering exceptional quality and value this Italian glazed porcelain series, available in three field sizes, draws inspiration from the rockies and fauna and flora of Colorado. It recreates their beautiful outdoor hues with a neutral palette and stone look that would grace any residential application.

Colors are intended as a guide only and may vary from actual tile. Please check tile samples before making final selections. See reverse side for product information.

PRODUCT INFORMATION

Sizes

EICO--/1313

EICO--/2020

2 x 2 Mosaic: 13 X 13 sheet mounted

Test:

Standards:

Test Results:

*Coefficient of Friction

ASTM C 1028-07

≥ 0.60

* The Coefficient of Friction is a general guide only. Testing may vary with different production runs and with different testing labs. As noted in the Americans with Disabilities Act (ADA), the Coefficient of Friction varies considerably due to facts not under the control of entities such as the manufacturers and distributors. These factors include, but are not limited to, contaminants, slope of terrain, drainage conditions, adjacent surfaces, etc. Suitability for any installation can only be determined by a site examination of all conditions that could affect the slip resistance of the tile being installed. Continual cleaning and maintenance must be performed once the tile has been installed. For more information see our current handout *Americans with Disabilities Act and Slip Resistance of Tile*.
