

From Grazia

new CLASSIC

(27G)

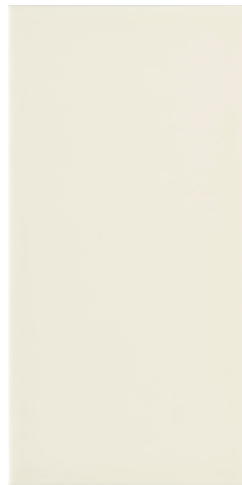

New Classic is a modern interpretation of the traditional Grazia wall tile. The striking 5 x 10 size is suitable for diverse style applications with its simple moldings and classic decoratives. The soft-hued palette of seven colors and three accents offers both a new and classic look. Mixing glass, stone or metal with New Classic can add an architectural detail or ornamentation to multiply its design options.

USE • INSTALLATION • CARE

New Classic is intended for interior walls. If installing with a cement-based adhesive, it is recommended to use a flexible setting material.

New Classic glazes have subtle shade variation. It is important to mix tiles within each carton and from different cartons during installation for more accurate shading.
